To

V.R.Thyagaraja Iyer,Esquire,M.A.,
Secretary to the Govt of H H the Maharaja of Mysore,
Revenue Department.

No. 796/91-07

Dated 4th May 1916.

In Triplicate

Sir,

Introductory.

In continuation of my letter No. 773/ 91-07 of the 1st instant, forwarding the annual returns of the Jails and Lock-ups in the State for the Calendar year 1915, I have the honor to submit the following report on their administration.

Inspector-General.

2. I was in charge of the department throughout the year.

Classes of Prisons.

3. The number of Jails and Lock-up remained the same as in the previous year and they are as follows:-

1. Central Jail, Bangalore.
1. District Jail, Mysore.
6. District Lock-ups at the Head quarters of Districts except Mysore and Bangalore
1. Special I at Kolar Gold Fiel
71. Taluk Loc

Buildings and Accommodation.

4. The condition of the Jail buildings reported in previous years continue to remain the same more or less. Of the various works included in the list of improvements

Prs 63-06-11
(Files sent in another connection).

improvements to the Bangalore Central Jail and sanctioned by Government so - far back as June 1908, none was taken up by the Public Works Department during the year under the report. A segregation shed in the Bangalore Central - Jail which was commenced in the year - 1914 was completed by the Prison labour during the year under report and the - cost was met from the Jail budget. The European barracks in the Jail were separated from the Convict Warder Guards' - block by constructing a wall across by the Public Works Department and the cost thereof was borne by that Department. Estimates aggregating Rs 19,550/- for improving the Jail buildings at Mysore - and the quarters assigned to the Jailor and Deputy Jailor and also for construcing a guard room with armoury in front of the Jail, were countersigned and sent to the Chief Engineer in Mysore, in the month of December 1915 for execution of work. The construction of separate Lock-up buildings at Maddagiri, Sira and Kortagere in Tumkur District is under correspondence and the Lock-up building at - Tiptur is in progress. The Lock-up building at Chintamani in the Kolar District is reported to be nearing completion and the construction of a new Lock-up at - Chickballapur has been commenced. The District Magistrate, Kolar, intimates - that the proposal to construct a new - District Lock-up at Kolar has been held

in

in abeyance until the question of circuit Sessions which is under the consideration of Government is finally disposed of. Plans and estimates for constructing an additional Lock-up for Europeans at Kolar Gold Fields and a new Taluk Lock-up at Malur, have been forwarded to the Executive Engineer, Kolar Division, duly countersigned, for the works being put in hand, as early as possible.

PART I JUDICIAL STATISTICS.

General Summary.

5. The year under report opened with a population of 1349 prisoners of all classes. 10,256 were admitted and 10,380 were discharged, leaving a balance of 1,225 prisoners in confinement at the close of the year. The corresponding figures for the year 1914 were 1,174, 10464 and 10,289 respectively. It will be observed that there was a decrease in the number admitted and a slight increase in the number discharged during the year. The daily average was 1244.84 as compared with 1251.06 in the year preceding or a slight decrease of 6.22.

6. There remained 14 Civil debtors in confinement at the commencement of the year, 159 were received and 163 discharged, leaving a balance of 10 at the end of the year. Their daily average was 8.83 against 9.29 in the year previous.

Convict Population
Statement No. I.

7. The number of convicts at the commencement of the year was 1,110 of - whom 1,097 had been direct committals - and the remaining 13 convicts in transit. Among the former class, fresh admissions numbered 2172, transfers from one Jail - to another 4, making a total of 3273. Of these 24 were transferred to the Vellore Central Jail, 4 were transferred from - one Jail to another, 130 were released on appeal, 1892 on expiry of sentence - 281 under remission rules, 1 under special orders of Government, 3 executed, 20 died, leaving a balance of 918 at the close of the year. Among convicts in - transit whose number stood at 13 at the commencement, fresh admissions numbered 859 making a total of 872. Of these - 724 were actually transferred 50 were - released on appeal 67 on expiry of sentence and 2 died which left a balance of 29 at the end of the year. The daily - average number of convicts was 993.23 - against 995.38 in the year 1914 or a - slight decrease of 2.15.

Sexes of convicts.

8. Of the 2172 direct committals, -- 2083 or 95.90 per cent were males and the remaining 89 or 4.10 per sent females. Their percentages were 94.64 and 5.36, respectively, in the year preceding.

Religion, Age, Education and occupation of convicts.
Statement No. II.

9. Classified according to religion 172 or 7.92 per cent of the total number admitted were Christians, 290 or 13.35 per cent were Mohamedans, 1672 [illegible]

per cent were Hindus and 1 or .05 per - cent was a Jain against 5.63 per cent - of Christians, 13.19 per cent of Mahomedans 81.06 per cent Hindus and .12 per cent Jains among those admitted in the year 1914. The ratios of Christians and Mohamedans have increased by 2.29 and - .16 respectively, while those of Hindus and Jains have decreased by 2.38 and .07 respectively, as compared with the previous year.

Age periods.

10. The number of convicts under 15 years of age admitted during the year was 19 or .87 per cent between 16 and 40 years 1774 or 81.68 per cent , be- - tween 40 and 60, 361 or 16.62 per cent and above 60 years 18 or .83 per cent.

Education.

11. 357 or 16.44 per cent of the total number admitted were able to read and - write, 15 or .69 per cent were able to read only and the remaining 1800 or 82. 87 per cent were illiterate. Similar percentages of those admitted in the year - previous were 18.75, .47 and 80.78 respectively.

Previous occupations.

12. Of the total number admitted , 2083 were males among whom:-

84 or 4.03 % were Govt or Municipal servants.

90 or 4.32 % were professional persons.

324 or 15.56 % were persons in personal service.

835 or 40.09 % were agriculturists.

165 or 7.92 % were persons engaged in commerce or trade.

115 or 5.52 per cent were employed in mechanical arts &c

and

470 or 22.56 % were miscellaneous persons not classed otherwise.

As usual agriculturists formed the bulk of admissions, their percentage in the year previous being 44.32 of the total number of males admitted. Next in order comes miscellaneous persons not classed otherwise and persons in personal service.

Civil condition of females.

13. Among females whose number was 89, the married numbered 38 or 42.70 %, un-married 20 or 22.47 %, widows 28 or 31.46 % amd prostitutes 3 or 3.37 %. As in the year previous the married women have preponderated over others.

Length and Nature of Sentence. Statement No. III.

14. Of the 2172 convicts admitted direct from courts, 1005 had not more than one month's imprisonment to undergo. The proportion of short periods of imprisonment is however excessive as in previous years. There were 10 lifers and 9 convicts condemned to death admitted into Jails against 15 and 13 respectively, admitted in the year previous.

Classification according to nature of sentence.

212 or 9.76 % had been sentenced to simple imprisonment.

1941 or 89.36 % had been sentenced to rigorous imprisonment.

13 or .59 % to rigorous imprisonment with solitary confinement

and

and

6 or .29 % to rigorous imprisonment with whipping.

Nature of Offences.

15. Theft including theft in a building and by servants outnumber all other causes of imprisonment, the convictions thereunder being 1009 or 46.45 % of the total admissions. Convictions under Special, Local and Municipal Laws hav slightly increased being 229 or 10.54 % against 219 or 8.62 % of admissions in the year previous.

Recommittals and Habituals.

16. 334 or 15.37 % of the total number of convicts admitted in the year had been previously convicted. Five youthful males offenders and 3 female convicts ar included in the above number.

Escapes and Captures.

17. It is gratifying to note that - there were no escapes among the convicts in the Jails and Lock-ups during the year under report. Two convicts among those - who had escaped in the previous ten years were re-captured during the year. Of these one was Raghavalu of the Mysore - Jail who had escaped from the Government House compound, Mysore, on 24th February 1906. He was identified in the Bangalore Central Jail while undergoing a sentence of imprisonment passed on him in another connection. After the expiry of that sen

tence

sentence in the Bangalore Central Jail, he was prosecuted before the City Magistrate, Mysore, and was sentenced to suffe 18 months rigoroue imprisonment under - Section 224 Indian Penal Code. The other one was Venkataramana of the Mysore Jail who was brought over to Tumkur for trial in another case pending against him and who had escaped from the District Lock-up, Tumkur, on 24th December 1914. He was re-captured and surrendered by the - Police of Hindupur on 22-1-1916. He was prosecuted before the Treasury Assistant Commissioner and 1st class Magistrate, Tumkur, and convicted and sentenced to suffer one year's rigorous imprisonment under Section 224 Indian Penal Code.

Offences and Punishments.

(This Should be 302)
Vide last Years Report.

18. The total number of recorded offences has risen from 305 in 1914 to 408 in the year under report. This shows that greater care was taken to detect, punish and record offences. 403 of these offenc were dealt with by the Superintendents - themselves under the Prisons Act and the remaining 5 were tried by Magistrates for offences falling under sections 352 and 224 Indian Penal Code; of the later, one convict, a habitual offender, by name - Chinniah having assaulted the then acting Superintendent of the Bangalore Central Jail on 17-8-1915, was tried by the City Magistrate, Bangalore and sentenced to 18 months rigorous imprisonment of which 3 months was ordered to be spent in soli-

tary

solitary confinement. The second prisoner was sentenced to suffer 3 months rigorous imprisonment under Section 352 Indian Penal Code. The third was sentenced to suffer one month rigorous imprisonment under section 352 Indian Penal Code. The other two were convicted and sentenced under section 224 Indian Penal Code, one to undergo six months rigorous imprisonment and the other to undergo one year's rigorous imprisonment. Of the offences tried by the Superintendents of Jails 50 or 12 % have been visited with corporal punishments against 65 or 21 % of such punishments in the year 1914.

Convict Office Statement No. VII.

19. Among a daily average of 993.23 convicts, 123 or 12.38 % were employed as Prison Officers against 11.45 % of the daily average number of convicts employed in the year previous. The number of recorded offences decreased from 61 in 1914 to 27 in the year under report.

Diet scale. Statement No. VIII.

20. The vegetarian dietary sanctioned in Government Order No. J. 2598/Pris 45-10-5 dated the 13th March 1911, was in force in the case of all Indian convicts under sentence of hard labour in both the Jails. In case of others viz, Europeans and East Indians, Simple and Under trial Prisoners confined in Jails and prisoners of all classes in Lock-ups,

the

the mixed dietary prescribed @@@ in the Jail Manual was in force.

Under-trial prisoners
Statement No. XVIII.

21. There remained 225 prisoners of this class at the beginning of the year. Fresh admissions numbered 7062 against 68[illegible] in the year previous, making a total of 7287. Of these,

4940 were acquitted
1655 convicted and sentenced
417 transferred and
7 escaped

which left a balance of 268 at the close of the year. The numbers of admissions and acquittals were still in excess of those in the previous years. The average period of detention of this class of prisoners was more or less the same as in previous year viz, 12 days. The daily average number decreased from 246.39 in 1914 to 242.78 in the year under report.

Mark System
Statement No. C.

22. The number of convicts released under the operation of Mark Rules of 1899 was 271 against 191 in the year previous. The number of those who came under the operation of both the Mark Rules of 1899 and Ticket-of-Leave Rules of 1892 and were released under special orders of Government was 10 against 6 in the year previous The maximum remission earned was 1677 days by a life-term convict released from the Bangalore Central Jail. The maximum gratuity was Rs. 49-15-11 earned by anothe life-term convict of the same Jail. The average gratuity earned by the released convicts was Rs. 1-12-5 against Rs. 1-5-4

in the year 1914.

PART II - FINANCIAL

Gross Expenditure

23. Excluding the outlay on repairs to buildings, the gross expenditure of the year was Rs. 1,06,237-2-11 against Rs. 1,13,529-13-10 in the year previous. The decrease was due mainly to the less expenditure under Establishment, Dietary, Hospital charges and Contingencies. The decrease under Establishment is due to the less pay drawn by the Superintendent of the Bangalore Central Jail and the Jailor of the Mysore Jail during the year under report, consequent on the transfer of the services of Mr. P.Palpu to the Baroda State and of Jailor Mr. R.S. Nagavkar to the Rajapipla State. The decrease under "Dietary charges" may be attributed to the cheap rates at which the ration articles were contracted for and the decreased number of prisoners admitted during the year under report. As a result of this, the cost per head came down from Rs. 90-11-11 in 1914 to Rs. 85-5-6 in the year under report.

Employment of convic
Statement No. XI.

24. Among the daily average number of 993.23 convicts, 906.67 or 91 per cent were available for work, the rest being either prisoners undergoing simple imprisonment, sick, convalescent or infirm or those who could not be employed on any work for other reasons. Of the convicts available for labour, 13.56 per cent were employed as Prisons Officers,

4.96 as prison servants and 32.09 % on manufactures against 12.63, 4.40 and 25.61 % of the daily average of convict available for work, employed respectively, as such in the year previous.

Cash Earnings of Prisoners. Statement No. XII.

25. The result of the employment of convicts was that a sum of Rs 16,211-13-0 was realised as revenue against Rs - 15,224-5-6 realized in the year 1914. The amount includes Rs 1555-4-0 received in Court fee stamps for testing measure in the Bangalore Central Jail and also Rs 3231-4-0 the hypothetical value of convicts labour employed at the Palace and Dewan's Quarters in Mysore and - Bangalore, calculated at 2 annas per head per day and accredited only in the administrative accounts of the department. The average cash earnings per head of working convicts rose slightly from Rs 17-2-11 in 1914 to Rs 17-14-1.

Net cost of Prisoners. Statement No. XIII.

26. The gross cost of maintenance was as stated in para 23 Rs 1,06,237-2-11, deducting from this the total cash earnings of prisoners viz, Rs 16,211-13-0 (Para 25) the net cost of maintenance of - prisoners in the Jails and Lock-ups of the State was Rs 90,025-5-11 or Rs 72-5-2 per head against a net cost of Rs 98,305-8-4 or Rs 78-9-3 per head in the preceding year.

lustries in Jails.

Bangalore Central Jail.

27. The outlay on the different industries carried on in the Central Jail at Bangalore was Rs 18,614-0-9 and the amount realized and credited to Treasury was Rs 23,013-3-9 or an excess of Rs 4399-/3/0 against Rs 18,726-13-11 and Rs 18,919-6-4, respectively in 1914. All the branches of industries except "rattan" are reported to have worked with profit during the year under report.

Central Jail Garden.

28. The amount spent for purchase of seeds and implements required for the Central Jail garden was Rs 251-5-7. The realization in cash by the sale of vegetables to the public was 828-8-10 against Rs 355-4-4 in the preceding year. The value of vegetables supplied from the Jail garden for the use of prisoners confined in the Jail during the year amounted to Rs 1248-2-8 against Rs 1261-6-6 in 1914.

Industries in the Mysore Jail.

29. The industries carried on in the Mysore Jail involved an outlay of Rs 1078-7-0 and are stated to have yielded in return a sum of Rs 1354-3-8. All the branches of industries are reported to have worked with profit during the year under report.

30. In calculating the realizations, the value of raw-materials and Manufactured articles that remained over at the beginning and end of the year under report, has not been taken into account. Nor has the

outstandings been included. I cannot however say that the various industries carried on in the Jails have been worked satisfactorily in the event of the cost of Establishment, labour and 10 % profit etc on manufactured articles are taken into accounts. Proposals for the development of industries in both the Jails have been called for and effective steps to place the industries on a more economical and satisfactory basis will be taken.

Part III Vital Statistics.

Sickness and Mortality. Statement No. XIV.

31. Exclusive of Hospital and observation cells, the Jails and Lock-ups in the State can accommodate 2,334 prisoners. - The aggregate number of prisoners admitted into hospital for treatment rose from 355 in 1914 to 477 in the year under report. The daily average number of sick consequently increased from 10.50 in 1914 to 19.38 during the year. The number of deaths also increased from 18 in 1914 to 22 during the year. Of the 22 deaths all among convicts, 15 occurred in the Bangalore Central Jail, 3 in Mysore Jail, one in the Lock-ups of the Hassan District, 2 in the Lock-ups of Shimoga District and 1 in the Lock-ups of the Kadur District.

Sickness and Mortality among convicts. Statement No. XV.

32. The number of convicts treated for the various diseases increased all over.

The

The admissions for malarial fevers rose from 53 in 1914 to 113 during the year under report. Of the 22 deaths among convicts,

1 due to dysentery.

2 due to malarial fevers.

3 due to Pneumonia.

3 due to diarrhoea.

and the remaining 13 due to other general diseases enumerated below:-

Chronic Gastritis.....	1.
Rheumatism.....	1.
Pthisis.....	3.
Epileptic fits.....	1.
Anæmia and general debility..	4.
Broncho Pneumonia.....	1.
Septicaemia.....	1.
Pericardial effusion.....	1.

ortality according to Length of Sentence. Statement No. XVI.

33. Of the 22 deaths among convicts, 7 occurred among those whose sentence did not exceed 6 months, 4 among those undergoing a sentence not exceeding one year, 5 among those whose sentence did not exceed three years, 2 among those whose sentence did not exceed 7 years and the remaining 4 among those whose sentence was above 7 years.

ortality according to Length of time passed in the Jails. Statement No. XVII.

34. Of the 22 convicts who died in the year, 10 died within six months after their admission, 3 within one year, 2 within two years, 1 within three years, 4 within seven years and the remaining two after seven years.

As

As usual, the mortality per mille during the first six months is higher than in the subsequent headings of this table. @@ It is possible that, in the early stages of imprisonment, convicts suffer from depression of mind brought about by their conviction and are easily carried away by diseases which those who have recovered from such depression by remaining in Jail for a longer period can resist.

Accommodation in Jails. Statement No. A.

35. No overcrowding was reported from any of the Jails and Lock-ups in the State during the year under report.

Condition of Convicts Discharged. Statement No. B.

36. The number of convicts discharged during the year was 3198 against 3241 in the year preceding. Of these 1584 convicts discharged from Lock-ups were, as usual, not weighed either at the time of their admission or discharge. Of the remaining 1614 who were discharged from Jails after weighment, @@ 684 had gained weight, 649 had lost weight and the remaining 281 had neither gained nor lost it.

Drainage and Convervancy.

37. No change was made in these directions. The dry earth system is in force in the Jails and in the Lock-ups. Male - prisoners are adopting the Hebrew method of evacuation.

Diet.

38. Articles of diet were, as usual, obtained from contractors at rates previously agreed upon in the case of Jails and

and from respectable local merchants at the prevailing market rates in the case of Lock-ups in general.

Water Supply.

39. Water supply was ample and wholesome but in the Bangalore Central Jail, it is - reported that considerable difficulty was experienced in getting sufficient supply of water in the Female Prison, Rear gate and, the convict warder guards enclosure and that frequent requisitions were sent to the Water Supply Department for remedying defects.

Clothing and bedding of prisoners.

40. Clothing and bedding were issued to prisoners in the Mysore Jail and the Lock-ups in the State according to seasonal requirements and the rules in force, but in the Bangalore Central Jail fresh clothing had not been issued to a number of convicts although the same had been due to them and several prisoners were - found by me in rags during the course of my inspection in August last. I ordered the issue of clothing to all the convicts who were in urgent need of them.

Religion and Moral Instructions.

41. As usual, a Christian Baptist, a Mahomadan Moulve and a Swamiji of the City Sri Ramakrishna Mutt visited the Bangalore Central Jail once a week and held discourses on moral and religious topics @@ with the prisoners of their respective religion. Religious books were also allowed inside the Jail and some selected prisoners read

them

them to those who are unable to read, for an hour or two before bed time. A member of the local Theosophical Society and a Mahomadan Khaji paid weekly visits to the Mysore Jail and held moral discourses with the prisoners confined. The Superintendents report that these arrangements are appreciated by all the prisoners.

Personnel (Jails) .

42. Mr. T.S.Nanjappa, Surgeon who relieved Mr. P.Palpu on the afternoon of the 22nd October 1914, continued to be in general and Medical charge of the Bangalore Central Jail till the forenoon of the 13th September 1915, when he was succeeded by Asst. Surgeon Mr. V.Muthuswamy Doss. The latter officer remained in charge of the Jail till the forenoon of the 16th December 1915 when Mr. Palpu returned to duty and resumed charge of the duties of the Superintendent and Medicial Officer, as before. Mr. Mahomed Usmon was, throughout the year, the Superintendent and Medical Officer of the Mysore Jail.

Concluding Remarks.

43. Consequent on the assault committed by convict No. 9023 Chinniah of the Bangalore Central Jail, on the Superintendent, a special committee was appointed by Government to enquire into the case and other irregularities that existed in the Jail. The committee, after due investigation submitted to Government a detailed report which disclosed the facts that Mr.E.W.L. Tate, Chief Jailor, was to a large extent

File submitted for reference in another connection.

res

responsible for want of discipline in the Jail, and that he had monetary dealings - with the contractors and placed himself under their obligation and thus became unable to exercise proper check over them. Consequently Government in their order No. J.3821-2/Pris 19-15-8 dated the 25th March 1916, directed the dismissal from service of Mr. Tate. The acting Deputy Jailor, Mr. M.Surappa, being pronounced in this connection, a weak and timid man and unfit to discharge the duties of the Deputy - Jailor, was ordered to revert to his previous ministerial appointment. The acting Superintendent Mr. T.S. Nanjappa was transferred from the Jail service.

Submitted for reference to the other connection

On the whole, the health, discipline and conduct of prisoners in the Mysore - Jail and the Lock-ups were good, but in the Bangalore Central Jail the conduct of prisoners and discipline among them were not satisfactory for some time. The same have since been restored.

I have the honor to be,

Sir,
Your most obedient servent,

Inspector-General of Prisons.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 798--91-07, dated 4th May 1916, from the Inspector-General of Prisons in Mysore, forwarding a Report on the Administration of Jails and Lock-ups during the calendar year 1915.

Order No. J. 625-34—Pris. 4-15-4, dated 15th August 1916.

Prison Population.—The total number of prisoners of all classes admitted during the year under report was 10,256 against 10,464 in the previous year. Including the number in confinement at the end of 1914, the prison population amounted to 11,605 of whom 10,380 were discharged. The daily average fell slightly from 1,251·06 to 1,244·84.

2. *Convicts.*—The number of convicts admitted during the year was 2,176. A gratifying feature of the report is the decline in the number of juvenile offenders which fell from 49 or 1·93 per cent in 1914 to 19 or 0·87 per cent. The number of convicts with sentences not exceeding one month continues to be disproportionately large as in previous years, being 1,005 or 46·3 per cent. Although the percentage of such short term convicts has fallen from 57·1 per cent in 1912 to 46·3 per cent in the last year, Government consider that there is still scope for improvement as the corresponding figures in the British Indian Provinces ordinarily vary from 24·6 per cent to 39·7 per cent. Convicts with previous convictions form only 15·37 per cent of the total admissions and the majority of these short term convicts must therefore be first offenders. Government think that, by a more liberal use of the provisions of Section 562 of the Code of Criminal Procedure, their number may be further reduced.

3. *Undertrial Prisoners.*—Of the total of 7,287 prisoners of this class 4,940 or 67·7 per cent were acquitted. The percentage of persons against whom prosecutions failed has risen considerably of late as will be seen from the figures in the margin. The reason for this increase should be investigated.

1914	... 63·1	per cent.
1913	... 54·5	do
1912	... 60·1	do

4. *Prison Offences.*—The number of prison offences committed by convicts increased from 304 to 408. This is attributed to the greater care taken in detecting them.

5. *Escapes.*—Government note with satisfaction that there were no escapes from the Jails during the year.

6. *Sickness and Mortality.*—There is a slight increase in the admissions to the hospitals in the year under report. Still, the total number, *viz.*, 477, compares favourably with the average for the previous quadrennium (*viz.*, 523). The admission for malarial fever was 300 in 1912, 183 in 1913, 53 in 1914, and 113 in the year under report. The number of deaths increased from 18 to 22.

7. *Expenditure.*—Owing to decreased expenditure under "Establishment, dietary and hospital charges and contingencies" the average cost per head fell from Rs. 90-11-11 to Rs. 85-5-6.

8. *Jail Industries.*—The Inspector-General reports that proposals for the development of industries in the two Jails of Bangalore and Mysore have been called for and that effective steps will be taken to place the industries on a more economical and satisfactory basis. Proposals have since been received for the

improvement of industries in the Mysore Jail and are under the consideration of Government. The Inspector-General will be asked to expedite the submission of proposals for the improvement of industries in the Bangalore Jail.

9. *Religious Education.*—Government are glad to note that gentlemen belonging to the several religious agencies mentioned in paragraph 41 of the report held weekly discourses for the benefit of the prisoners.

L. KRISHNA RAO,
Offg. Secy. to Govt., Rev. Dept.

To—The Inspector-General of Prisons in Mysore.
The Registrar, Chief Court of Mysore.
The District Magistrates of Districts.

Exd—C. R.

From

RAO BAHADUR RAJAKARYAPRAVINA
T. V. ARUMUGAM MUDALIAR, Esq., M.B., C.M.,
Inspector-General of Prisons in Mysore.

To

V. R. THYAGARAJA IYER, Esq., M.A.,
Secretary to the Government of H. H. the Maharaja of Mysore, Revenue Department.

No 798—91-07, dated 4th May 1916.

Sir,

Introductory.—In continuation of my letter No. 773—91-07 of the 1st instant, forwarding the annual returns of the Jails and Lock-ups in the State for the calendar year 1915, I have the honour to submit the following report on their administration.

2. *Inspector-General.*—I was in charge of the department throughout the year.

3. *Classes of Prisons.*—The number of Jails and Lock-ups remained the same as in the previous year and they are as follows:—

1. Central Jail, Bangalore.
1. District Jail, Mysore.
6. District Lock-ups at the headquarters of districts except Mysore and Bangalore.
1. Special Lock-up at Kolar Gold Fields.
71. Taluk Lock-ups.

4. *Buildings and Accommodation.*—The condition of the Jail buildings reported in previous years continued to remain the same more or less. Of the various works included in the list of improvements to the Bangalore Central Jail and sanctioned by Government so far back as June 1908, none was taken up by the Public Works Department during the year under report. A segregation shed in the Bangalore Central Jail which was commenced in the year 1914 was completed by the Prison labour during the year under report and the cost was met from the Jail budget. The European barracks in the Jail were separated from the Convict Warder Guards' block by constructing a wall across by the Public Works Department and the cost thereof was borne by that department. Estimates aggregating Rs. 19,550 for improving the Jail buildings at Mysore and the quarters assigned to the Jailor and Deputy Jailor and also for constructing a guard room with armoury in front of the Jail, were countersigned and sent to the Chief Engineer in Mysore, in the month of December 1915 for execution of work. The construction of separate Lock-up buildings at Maddagiri, Sira and Koratagere in Tumkur District is under correspondence and the Lock-up building at Tiptur is in progress. The Lock-up building at Chintamani in the Kolar District is reported to be nearing completion and the construction of a new Lock-up at Chikballapur has been commenced. The District Magistrate, Kolar, intimates that the proposal to construct a new District Lock-up at Kolar has been held in abeyance until the question of circuit Sessions which is under the consideration of Government is finally disposed of. Plans and estimates for constructing an additional Lock-up for European prisoners at Kolar Gold Fields and a new Taluk Lock-up at Malur, have been forwarded to the Executive Engineer, Kolar Division, duly countersigned, for the works being put in hand, as early as possible.

J. & L.

PART I.—JUDICIAL STATISTICS.

5. *General Summary.*—The year under report opened with a population of 1,349 prisoners of all classes; 10,256 were admitted and 10,380 were discharged, leaving a balance of 1,225 prisoners in confinement at the close of the year. The corresponding figures for the year 1914 were 1,174, 10,464 and 10,289 respectively. It will be observed that there was a decrease in the number admitted and a slight increase in the number discharged during the year. The daily average was 1,244·84 as compared with 1,251·06 in the year preceding or a slight decrease of 6·22.

6. *Civil Prisoners.*—There remained 14 Civil debtors in confinement at the commencement of the year, 159 were received and 163 discharged, leaving a balance of 10 at the end of the year. Their daily average was 8·83 against 9·29 in the year previous.

7. *Convict Population Statement No. I.*—The number of convicts at the commencement of the year was 1,110, of whom 1,097 had been direct committals and the remaining 13 convicts in transit. Among the former class, fresh admissions numbered 2,172, transfers from one Jail to another 4, making a total of 3,273. Of these 24 were transferred to the Vellore Central Jail, 4 were transferred from one Jail to another, 130 were released on appeal, 1,892 on expiry of sentence, 281 under Remission Rules, 1 under special orders of Government, 3 executed, 20 died, leaving a balance of 918 at the close of the year. Among convicts in transit whose number stood at 13 at the commencement, fresh admissions numbered 859, making a total of 872. Of these 724 were actually transferred 50 were released on appeal, 67 on expiry of sentence and 2 died which left a balance of 29 at the end of the year. The daily average number of convicts was 993·23 against 995·38 in the year 1914 or a slight decrease of 2·15.

8. *Sexes of Convicts.*—Of the 2,172 direct committals, 2,083 or 95·90 per cent were males and the remaining 89 or 4·10 per cent females. Their percentages were 84·64 and 5·36, respectively, in the year preceding.

9. *Religion, Age, Education and Occupation of Convicts, Statement No. II.*—Classified according to religion 172 or 7·92 per cent of the total number admitted were Christians, 290 or 13·35 per cent were Mahomedans, ~~1,079~~ or 78·68 per cent were Hindus and 1 or ·05 per cent was a Jain against 5·63 per cent of Christians, 13·19 per cent of Mahomedans, 81·06 per cent Hindus and ·12 per cent Jains among those admitted in the year 1914. The ratios of Christians and Mahomedans have increased by 2·29 and ·16 respectively, while those of Hindus and Jains have decreased by 2·38 and ·07respectively, as compared with the previous year.

709

10. *Age Periods.*—The number of convicts under fifteen years of age admitted during the year was 19 or ·87 per cent, between 16 and 40 years 1,774 or 81·68 per cent, between 40 and 60, 361 or 16·62 per cent and above 60 years 18 or ·83 per cent.

11. *Education.*—Three hundred and fifty-seven or 16·44 per cent of the total number of admitted were able to read and write, 15 or ·69 per cent were able to read only and the remaining 1,800 or 82·87 per cent were illiterate. Similar percentages of those admitted in the year previous were 18·75, ·47 and 80·78 respectively.

12. *Previous Occupations.*—Of the total number admitted, 2,083 were males among whom—

84 or 4·03 per cent were Government or Municipal servants.

90 or 4·32 per cent were professional persons.

324 or 15·56 per cent were persons in personal service.

835 or 40 09 per cent were agriculturists.

165 or 7·92 per cent were persons engaged in commerce or trade.

115 or 5·52 per cent were employed in mechanical arts, etc., and

470 or 22·56 per cent were miscellaneous persons not classed otherwise.

As usual agriculturists formed the bulk of admissions, their percentage in the year previous being 44·32 of the total number of males admitted. Next in order come miscellaneous persons not classed otherwise and persons in personal service.

13. *Civil Condition of Females.*—Among females whose number was 89, the married numbered 38 or 42·70 per cent, unmarried 20 or 22·47 per cent, widows 28 or 31·46 per cent and prostitutes 3 or 3·37 per cent. As in the year previous the married women have preponderated over others.

14. *Length and Nature of Sentence, Statement No. III.*—Of the 2,172 convicts admitted direct from Courts, 1,005 had not more than one month's imprisonment to undergo. The proportion of short periods of imprisonment is however excessive as in previous years. There were 10 lifers and 9 convicts condemned to death admitted into Jails against 15 and 13 respectively, admitted in the year previous.

CLASSIFICATION ACCORDING TO NATURE OF SENTENCE.

212 or 9·76 per cent had been sentenced to simple imprisonment.

1,941 or 89·36 per cent had been sentenced to rigorous imprisonment.

13 or ·59 per cent to rigorous imprisonment with solitary confinement and 6 or ·29 per cent to rigorous imprisonment with whipping.

15. *Nature of Offences.*—Theft including theft in a building and by servants out number all other causes of imprisonment, the convictions thereunder being 1,009 or 46·45 per cent of the total admissions. Convictions under Special, Local and Municipal Laws have slightly increased being 229 or 10·54 per cent against 219 or 8·62 per cent of admissions in the year previous.

16. *Re-comittals and Habituals.*—Three hundred and thirty-four or 15·37 per cent of the number of convicts admitted in the year had been previously convicted. Five youthful male offenders and 3 female convicts are included in the above number.

17. *Escapes and Captures.*—It is gratifying to note that there were no escapes among the convicts in the Jails and Lock-ups during the year under report. Two convicts among those who had escaped in the previous ten years were re-captured during the year. Of these one was Raghavalu of the Mysore Jail who had escaped from the Government House compound, Mysore, on 24th February 1906. He was identified in the Bangalore Central Jail, while undergoing a sentence of imprisonment passed on him in another connection. After the expiry of that sentence in the Bangalore Central Jail, he was prosecuted before the City Magistrate, Mysore, and was sentenced to suffer 18 months' rigorous imprisonment under Section 224, Indian Penal Code. The other one was Venkataramana of the Mysore Jail who was brought over to Tumkur for trial in another case pending against him and who had escaped from the District Lock-up, Tumkur, on 24th December 1914. He was re-captured and surrendered by the Police of Hindupur on 22nd January 1916. He was prosecuted before the Treasury Assistant Commissioner and 1st Class Magistrate, Tumkur, and convicted and sentenced to suffer one year's rigorous imprisonment under Section 224, Indian Penal Code.

18. *Offences and Punishments.*—The total number of recorded offences has risen from ~~305~~ in 1914 to 408 in the year under report. This shows that greater care was taken to detect, punish and record offences. Four hundred and three of these offences were dealt with by the Superintendents themselves under the Prisons Act and the remaining 5 were tried by Magistrates for offences falling under Sections 352 and 224, Indian Penal Code; of the later, one convict, a habitual offender, by name Chinniah having assaulted the then acting Superintendent of the Bangalore Central Jail on 17th August 1915, was tried by the City Magistrate, Bangalore, and sentenced to 18 months' rigorous imprisonment of which 3 months was ordered to be spent in solitary confinement. The second prisoner was sentenced to suffer 3 months' rigorous imprisonment under Section 352, Indian Penal Code. The third was sentenced to suffer one month's imprisonment under Section 352, Indian Penal Code. The other two were convicted and sentenced under Section 224, Indian Penal Code, one to undergo six months' rigorous imprisonment

and the other to undergo one year's regorous imprisonment. Of the offences tried by the Superintendents of Jails 50 or 12 per cent have been visited with corporal punishments against 65 or 21 per cent of such punishments in the year 1914.

19. *Convict Officers, Statement No. VII.*—Among a daily average of 993·23 convicts, 123 or 12·38 per cent were employed as Prison Officers against 11·45 per cent of the daily average number of convicts employed in the year previous. The number of recorded offences decreased from 61 in 1914 to 27 in the year under report.

20. *Diets Scale, Statement No. VIII.*—The vegetarian dietary sanctioned in Government Order No. J. 2598—Pris. 45-10-5, dated the 13th March 1911, was in force in the case of all Indian convicts under sentence of hard labour in both the Jails. In case of other, *viz.*, Europeans and East Indians, Simple and Under-trial Prisoners confined in Jails and prisoners of all classes in Lock-ups the mixed dietary prescribed in the Jail Manual was in force.

21. *Under-trial Prisoners, Statement No. XVIII.*—There remained 225 prisoners of this class at the beginning of the year. Fresh admissions numbered 7,062 against 6,898 in the year previous, making a total of 7,287. Of these—

4,940 were acquitted,
1,655 convicted and sentenced,
417 transferred and.
7 escaped,

which left a balance of 268 at the close of the year. The numbers of admissions and acquittals were still in excess of those in the previous years. The average period of detention of this class of prisoners was more or less the same as in previous year, *viz.*, 12 days. The daily average number decreased from 246·39 in 1914 to 242·78 in the year under report.

22. *Mark System, Statement No. C.*—The number of convicts released under
51 the operation of Mark Rules of 1899 was ~~271~~ against 191 in the year previous. The number of those who came under the operation of both the Mark Rules of 1899 and Ticket-of-Leave Rules of 1892 and were released under special orders of Government was 10 against 6 in the year previous. The maximum remission earned was 1,677 days by a life-term convict released from the Bangalore Central Jail. The maximum gratuity was Rs. 49-15-11 earned by another life-term convict of the same Jail. The average gratuity earned by the released convicts was Re. 1-12-5 against Re. 1-5-4 in the year 1914.

ART II—FINANCIAL.

23. *Gross Expenditure.*—Excluding the outlay on repairs to buildings, the gross expenditure of the year was Rs. 1,06,257-2-11 against Rs. 1,13,529-13-10 in the year previous. The decrease was due mainly to the less expenditure under establishment, Dietary, Hospital charges and Contingencies. The decrease under Establishment is due to the less pay drawn by the Superintendent of the Bangalore Central Jail and the Jailor of the Mysore Jail during the year under report, consequent on the transfer of the services of Mr. P. Palpu to the Baroda State and of Jailor Mr. R. S. Nagavkar to the Rajapipla State. The decrease under "Dietary charges" may be attributed to the cheap rates at which the ration articles were contracted for and the decreased number of prisoners admitted during the year under report. As a result of this, the cost per head came down from Rs. 90-11-11 in 1914 to Rs. 85-5-6 in the year under report.

24. *Employment of Convicts, Statement No. XI.*—Among the daily average number of 993·23 convicts, 906·67 or 91 per cent were available for work, the rest being either prisoners undergoing simple imprisonment, sick, convalescent or infirm or those who could not be employed on any work for other reasons. Of the convicts available for labour, 13·56 per cent were employed as Prisons Officers, 4·96 as prison servants and 32·09 per cent on manufactures against 12·63, 4·40 and 25·61 per cent of the daily average of convicts available for work, employed respectively, as such in the year previous.

25. *Cash Earnings of Prisoners, Statement No. XII.*—The result of the employ-nt of convicts was that a sum of Rs. 16,211-13-0 was realised as revenue against . 15,224-5-6 realized in the year 1914. The amount includes Rs. 1,555-4-0 eived in Court-fee stamps for testing measures in the Bangalore Central Jail and o Rs. 3,231-4-0 the hypothetical value of convict labour employed at the Palace l Dewan's Quarters in Mysore and Bangalore, calculated at 2 annas per head day and accredited only in the administrative accounts of the department. The rage cash earnings per head of working convicts rose slightly from Rs. 17-2-11 1914 to Rs. 17-14-1.

26. *Net Cost of Prisoners, Statement No. XIII.*—The gross cost of maintenance s as stated in para 23 Rs. 1,06,237-2-11, deducting from this the total cash earnings prisoners, *viz.*, Rs. 16,211-13-0 (para 25) the net cost of maintenance of prisoners the Jails and Lock-ups of the State was Rs. 90,025-5-11 or Rs. 72-5-2 per ıd against a net cost of Rs. 98,305-8-4 or Rs. 78-9-3 per head in the preceding ır.

27. *Industries in Jails, Bangalore Central Jail.*—The outlay on the different lustries carried on in the Central Jail at Bangalore was Rs. 18,614-0-9 and the ount realized and credited to Treasury was Rs. 23,013-3-9 or an excess of . 4,399-3-0 against Rs. 18,726-13-11 and Rs. 18,919-6-4, respectively in 1914. l the branches of industries except "rattan" are reported to have worked with ɔfit during the year under report.

28. *Central Jail Garden.*—The amount spent for purchase of seeds and imple-nts required for the Central Jail garden was Rs. 251-5-7. The realization in sh by the sale of vegetables to the public was 828-8-10 against Rs. 355-4-4 in the ceding year. The value of vegetables supplied from the Jail garden for the use prisoners confined in the Jail during the year amounted to Rs. 1,248-2-8 against . 1,261-6-6 in 1914.

29. *Industries in the Mysore Jail.*—The industries carried on in the Mysore il involved an outlay of Rs. 1,978-7-0 and are stated to have yielded in return a sum of Rs. 1,354-3-8. All the branches of industries are reported to have worked with profit during the year under report.

30. In calculating the realizations, the value of raw-materials and manufactured articles that remained over at the beginning and end of the year under report, has not been taken into account. Nor has the outstandings been included. I cannot however say that the various industries carried on in the Jails have been worked satisfactorily in the event of the cost of establishment, labour and 10 per cent profit, etc., on manufactured articles are taken into accounts. Proposals for the development of industries in both the Jails have been called for and effective steps to place the industries on a more economical and satisfactory basis will be taken.

PART III—VITAL STATISTICS.

31. *Sickness and Mortality, Statement No. XIV.*—Exclusive of Hospital and observation cells, the Jails and Lock-ups in the State can accommodate 2,334 prisoners. The aggregate number of prisoners admitted into hospital for treatment rose from 355 in 1914 to 477 in the year under report. The daily average number of sick consequently increased from 10·50 in 1914 to 19·38 during the year. The number of deaths also increased from 18 in 1914 to 22 during the year. Of the 22 deaths all among convicts, 15 occurred in the Bangalore Central Jail, 3 in Mysore Jail, 1 in the Lock-ups of the Hassan District, 2 in the Lock-ups of Shimoga District and 1 in the Lock-ups of the Kadur District.

32. *Sickness and Mortality among Convicts, Statement No. XV.*—The number of convicts treated for the various diseases increased all over. The admissions for malarial fever rose from 53 in 1914 to 113 during the year under report. Of the 22 deaths among convicts.

1 due to dysentery,
2 due to malarial fevers,
3 due to Pneumonia,
3 due to diarrhœa,
and the remaining 13 due to other general diseases enumerated below.—

Chronic Gastritis	1
Rheumatism	1
Pthisis	3
Epileptic fits	1
Anæmia and general debility	4
Broncho Pneumonia	1
Septicæmia	1
Pericardial effusion	1

33. *Mortality according to Length of Sentence, Statement No. XVI.*—Of the 22 deaths among convicts, 7 occurred among those whose sentence did not exceed six months, 4 among those undergoing a sentence not exceeding one year, 5 among those whose sentence did not exceed three years, 2 among those whose sentence did not exceed seven years and the remaining 4 among those whose sentence was above seven years.

34. *Mortality according to Length of time passed in the Jail, Statement No. XVII.*—Of the 22 convicts who died in the year, 10 died within six months after their admission, 3 within one year, 2 within two years, 1 within three years, 4 within seven years and the remaining two after seven years. As usual, the mortality per mille during the first six months is higher than in the subsequent headings of this table. It is possible that, in the early stages of imprisonment, convicts suffer from depression of mind brought about by their conviction and are easily carried away by diseases which those who have recovered from such depression by remaining in Jail for a longer period can resist.

35. *Accommodation in Jails, Statement No. A.*—No overcrowding was reported from any of the Jails and Lock-ups in the State during the year under report.

36. *Condition of Convicts Discharged, Statement No. B.*—The number of convicts discharged during the year was 3,198 against 3,241 in the year preceding. Of these 1,584 convicts discharged from Lock-ups were, as usual, not weighed either at the time of their admission or discharge. Of the remaining 1,614 who were discharged from Jails after weighment, 684 had gained weight, 649 had lost weight and the remaining 281 had neither gained nor lost it.

37. *Drainage and conservancy.*—No change was made in these directions. The dry earth system is in force in the Jails and in the Lock-ups. Male prisoners are adopting the Hebrew method of evacuation.

38. *Diet.*—Articles of diet were, as usual, obtained from contractors at rates previously agreed upon in the case of Jails and from respectable local merchants at the prevailing market rates in the case of Lock-ups in general.

39. *Water-supply.*—Water-supply was ample and wholesome but in the Bangalore Central Jail, it is reported that considerable difficulty was experienced in getting sufficient supply of water in the female prison, rear gate and, the convict warder guards' enclosure and that frequent requisitions were sent to the Water-Supply Department for remedying defects.

40. *Clothing and Bedding of Prisoners.*—Clothing and bedding were issued to prisoners in the Mysore Jail and the Lock-ups in the State according to seasonal requirements and the rules in force, but in the Bangalore Central Jail fresh clothing had not been issued to a number of convicts although the same had been due to them and several prisoners were found by me in rags during the course of my inspection in August last. I ordered the issue of clothing to all the convicts who

41. *Religion and Moral Instructions.*—As usual, a Christian Baptist, a Mahomedan Moulvi and a Swamiji of the City Sri Ramakrishna Matt visited the Bangalore Central Jail once a week and held discourses on moral and religious topics with the prisoners of their respective religion. Religious books were also allowed inside the Jail and some selected prisoners read them to those who are unable to read, for an hour or two before bed time. A member of the local Theosophical Society and a Mahomedan Khaji paid weekly visits to the Mysore Jail and held moral discourses with the prisoners confined. The Superintendents report that these arrangements are appreciated by all the prisoners.

42. *Personnel (Jails).*—Mr. T. S. Nanjappa, Surgeon, who relieved Mr. P. Palpu on the afternoon of the 22nd October 1914, continued to be in General and Medical charge of the Bangalore Central Jail till the forenoon of the 13th September 1915, when he was succeeded by Assistant Surgeon Mr. V. Muthuswamy Doss. The latter officer remained in charge of the Jail till the forenoon of the 16th December 1915, when Mr. Palpu returned to duty and resumed charge of the duties of the Superintendent and Medical Officer, as before. Mr. Mahomed Usmon was, throughout the year, the Superintendent and Medical Officer of the Mysore Jail.

43. *Concluding Remarks.*—Consequent on the assault committed by convict No. 9023, Chinniah, of the Bangalore Central Jail, on the Superintendent, a Special Committee was appointed by Government to enquire into the case and other irregularities that existed in the Jail. The Committee, after due investigation submitted to Government a detailed report which disclosed the facts that Mr. E. W. L. Tate, Chief Jailor, was to a large extent responsible for want of discipline in the Jail, and that he had monetary dealings with the contractors and placed himself under their obligation and thus became unable to exercise proper check over them. Consequently Government in their Order No. J. 3821-2—Pris. 19-15-8, dated the 25th March 1916, directed the dismissal from service of Mr. Tate. The acting Deputy Jailor, Mr. M. Surappa, being pronounced in this connection, a weak and timid man and unfit to discharge the duties of the Deputy Jailor, was ordered to revert to his previous ministerial appointment. The acting Superintendent Mr. T. S. Nanjappa was transferred from the Jail service.

On the whole, the health, discipline and conduct of prisoners in the Mysore Jail and the Lock-ups were good, but in the Bangalore Central Jail the conduct of prisoners and discipline among them were not satisfactory for some time. The same have since been restored.

I have the honor to be,

Sir,

Your most obedient servant,

T. V. ARUMUGAM MUDALIAR,

Inspector-General of Prisons

Statement showing the distribution of the prisoners of all classes confined
